

# Pump, Motor, and Rotating Equipment Mechanic

**Location:** Riviera Beach, FL

**Full-Time (40 hours/week)**

## **About Us:**

PSI Technologies Inc is a growing rep/distributor firm located in Riviera Beach, FL that specializes in the application and integration of water and wastewater equipment. Our goal at PSI is to provide unmatched quality products, services, and solutions to our customers in the water and wastewater markets, with a focus on customer service and an unwavering commitment to provide outstanding local support for the products we represent. This is, of course, only made possible with our highly trained and knowledgeable team that has over 165 years in combined industry experience....and counting. So, we're very excited to welcome a new member, keep growing, and continue providing top-tier service to our customers that they won't find anywhere else!

## **Duties:**

- Test rotating equipment and troubleshoot problems in shop and field
- Disassemble rotating equipment (Motors, Pumps Blowers, Gearboxes, etc.) to evaluate the condition of their parts
- Clean equipment/parts as needed using parts washers/steamers, sandblaster, etc.
- Replace and install parts as needed (bearings, gears, seals, impellers, power cable)
- Reassemble & test equipment for proper operation
- Operate repair and testing equipment (and other equipment as needed)
- Assist other mechanics with various duties

## **Desired Skills and Requirements:**

- Experience with rotating equipment including pumps, motors, gearboxes, and valves for the water and wastewater industry -- a PLUS
- Motor rebuilding & winding experience -- a PLUS

## **Benefits:**

- Competitive wage
- Paid vacation
- Paid major holidays
- Health insurance
- Dental insurance
- 401K Plan
